#### Plan of memorial

This section shall include full details of monument construction including length, width, height, joins of all components including ornaments and their dimensions, etc.

#### Materials to be used

Foundation	Kerb						
Ledger	Headstone						
Weight of completed monument including foundations and ornaments							
Drawing (generally, additional pages will be required and shall be attached to this page)							

## Mason/builder please note:

**Hold Points must be signed off before commencement of next stage.** Cemetery staff will request that work be stopped if it is not being constructed in accordance with the approved drawing. It is the responsibility of Mason/Builder to arrange with cemetery staff to sign off each hold point — one working day should be allowed for this to occur.

### Construction record (Office use)
